

WQM-448

- WQM-448 Digital 3-in-1 pH | EC | Temperature Tester
Waterproof IP65 for pH/EC Measurement in Water, Meats and Soft Solid Food Samples with ATC, Portable High-Accuracy

Features

- 3-in-1 pen-type water quality tester
- Three parameter measurement (pH, EC, and Temperature)
- Fast and accurate measurement
- Rugged ergonomic designed
- Compact and easy to carry
- Large screen with backlight function
- with ATC function
- IP65 waterproof rating
- Battery strength indicator
- Automatic shutdown
- Switchable Celsius and Fahrenheit Temperature unit
- Factory pre-calibrated

Specifications

- Measuring range:
 - pH: 0~14pH
 - EC: 0~19.9mS/cm
 - Temperature: 0~50°C
- Accuracy
 - pH: ± 0.1 pH
 - EC: $\pm 2\%$ F.S
 - Temperature: $\pm 1^\circ\text{C}$
- Resolution
 - pH: 0.1pH
 - EC: 0.1mS/cm
 - Temperature: 0.1°C

Specifications

- Automatic temperature compensation
 - pH & EC: 0~50°C
- Calibration solution
 - pH: 4.01/ 6.86
 - EC: 12.88mS/cm
- Operating temperature: 0~50°C
- Power Source: 2 x1.5V AAA batteries
- Dimensions: 210 x 40 x 25mm
- Weight : approx. 100gms

3-in-1 pH / EC Quality Meter

Designed for both laboratory use and continuous pH or EC monitoring of water, soil or food

The image also features a hand holding the meter, which displays a pH of 7.04 and a temperature of 34.2°C. The meter has a black body with a silver probe and a small LCD screen. Below the main text, there are three small images: a swimming pool, a laboratory flask with blue liquid, and a hand holding the meter.

Set Includes

- 1 x Water Quality Tester
- 2 x 1.5V AAA batteries
- English Instruction Manual
- Standard Factory Packaging
